

Fund

Fond for Library Interior Design Project for Mangueria de Botafogo and Santa Marta

§ 1. The aim of this temporary fond is to implement the Library Interior Design Project for Mangueria de Botafogo and Santa Marta initiated by Kenneth A. Balfelt in co-operation with ciespi (Isabella Massa, Sara Taylor, Fabiana and Anjali Kaur), Mangueria de Botafogo (Gabriella Torres Barbosa, Janaina Torres Barbosa) and Santa Marta (Sonya and Fabiana Marinho).

§ 2. There is a max of R\$ 1,000 for this.

§ 3. The money is administered by Helmut Batista (CAPACETE), Anjali Kaur (ciespi) and Kenneth A. Balfelt, chairman.

§ 4. The aim of the project is to change the interior design so that it supports the aim of the library as defined by ciespi and the communities. For that we have decided to change the library into a space that develops imagination for the children, that is like walking into a book, into a fairytale, an exciting story, an imaginary world; the World of Books.

§ 5. The ideas are described in the rapport "Manguiera Library Interior Design Project -The World of Books" made by the group defined in § 1. The fund has to follow the ideas outlined in this rapport.

§ 6. The project is set to be finished before 1 April 2004.

§ 7. The members of the board, the undersigned, will administer the funds and the project in good and ethical order in line with the spirit of the project and respect for the involved parties. The process is a cooperative process where all parties, the community, ciespi and Kenneth A. Balfelt will be involved in all major aspects and decisions of the project.
